The Do's & Don'ts of Forensic Interviews

The presentation is a must for anyone involved in assessing or testifying about children in forensic settings including child custody evaluations and child dependency matters or those who need to rely upon the results of properly conducted child forensic interviews.

AzAFCC Symposium featuring

Carl Lewis

Retired police officer, detective, and senior criminal investigator with more than 25 years of experience investigating child abuse cases. Mr. Lewis has trained hundreds of mental health professionals about the use of the National Institute of Child Health & Human Development's Structured Investigative Interview Protocol as originally developed by Cambridge University Professor Dr. Michael Lamb and others. He will discuss the many do's and don'ts of forensically interviewing suspected child abuse victims and his experience using the NICHD Protocol. Panelists will discuss the gold standard of child abuse investigations and what is that standard.

Panel Participants include:

Dr. Faren Akins • Dr. Jack Moran • Honorable Dan Slayton, Coconino County Superior Court
